

EIE2111 Assessment Rubrics

	Marks	OC1	OC2	OC3	OC4	OC5	OC6	OC7	OC8
Final Tests	42%	Yes	Yes	Yes	Yes	Yes	Yes		
Mini-Project	30%	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes

OC = Outcome

Outcome 1: Familiarize with at least one C/C++ programming environment.

F	D	D+	C-	C	C+	B-	B	B+	A-	A	A+
0.0	1.0	1.3	1.7	2.0	2.3	2.7	3.0	3.3	3.7	4.0	4.3
[0,39]	[40,45]	[46,51]	[52,56]	[57,61]	[62,66]	[67,72]	[73,79]	[80,85]	[86,89]	[90,94]	[95,100]
Poor understanding of the specified C/C++ programming environment	A little bit understanding of the specified C/C++ programming environment	Some understanding of the specified C/C++ programming environment				Good understanding of the specified C/C++ programming environment			Complete understanding of the specified C/C++ programming environment		

Outcome 2: Be proficient in using the basic constructs of C/C++, such as variables and expressions, looping, arrays and pointers, to develop a computer program.

F	D	D+	C-	C	C+	B-	B	B+	A-	A	A+
0.0	1.0	1.3	1.7	2.0	2.3	2.7	3.0	3.3	3.7	4.0	4.3
[0,39]	[40,45]	[46,51]	[52,56]	[57,61]	[62,66]	[67,72]	[73,79]	[80,85]	[86,89]	[90,94]	[95,100]
Poor understanding of using the basic constructs of C/C++	A little bit understanding of using the basic constructs of C/C++	Some understanding of using the basic constructs of C/C++				Good understanding of using the basic constructs of C/C++			Complete understanding of using the basic constructs of C/C++		

Outcome 3: Able to develop a structured and documented computer program.

F	D	D+	C-	C	C+	B-	B	B+	A-	A	A+
0.0	1.0	1.3	1.7	2.0	2.3	2.7	3.0	3.3	3.7	4.0	4.3
[0,39]	[40,45]	[46,51]	[52,56]	[57,61]	[62,66]	[67,72]	[73,79]	[80,85]	[86,89]	[90,94]	[95,100]
Not able to develop a structured and documented computer program	Occasionally able to develop a structured and documented computer program	Sometimes able to develop a structured and documented computer program				Most of the time able to develop a structured and documented computer program			Always able to develop a structured and documented computer program		

Outcome 4: Understand the fundamentals of object-oriented programming and be able to apply it in computer program development.

F	D	D+	C-	C	C+	B-	B	B+	A-	A	A+
0.0	1.0	1.3	1.7	2.0	2.3	2.7	3.0	3.3	3.7	4.0	4.3
[0,39]	[40,45]	[46,51]	[52,56]	[57,61]	[62,66]	[67,72]	[73,79]	[80,85]	[86,89]	[90,94]	[95,100]
Poor understanding of the fundamentals of object-oriented programming and be able to apply it in computer program development	A little bit understanding of the fundamentals of object-oriented programming and be able to apply it in computer program development	Some understanding of the fundamentals of object-oriented programming and be able to apply it in computer program development				Good understanding of the fundamentals of object-oriented programming and be able to apply it in computer program development			Complete understanding of the fundamentals of object-oriented programming and be able to apply it in computer program development		

Outcome 5: Able to apply the computer programming techniques to solve practical engineering problems.

F	D	D+	C-	C	C+	B-	B	B+	A-	A	A+
0.0	1.0	1.3	1.7	2.0	2.3	2.7	3.0	3.3	3.7	4.0	4.3
[0,39]	[40,45]	[46,51]	[52,56]	[57,61]	[62,66]	[67,72]	[73,79]	[80,85]	[86,89]	[90,94]	[95,100]
Not able to apply the computer programming techniques to solve practical engineering problems	Occasionally able to apply the computer programming techniques to solve practical engineering problems	Sometimes able to apply the computer programming techniques to solve practical engineering problems				Most of the time able to apply the computer programming techniques to solve practical engineering problems			Always able to apply the computer programming techniques to solve practical engineering problems		

Outcome 6: Solve problems by using systematic approaches.

F	D	D+	C-	C	C+	B-	B	B+	A-	A	A+
0.0	1.0	1.3	1.7	2.0	2.3	2.7	3.0	3.3	3.7	4.0	4.3
[0,39]	[40,45]	[46,51]	[52,56]	[57,61]	[62,66]	[67,72]	[73,79]	[80,85]	[86,89]	[90,94]	[95,100]
Not able to solve problems by using systematic approaches	Occasionally able to solve problems by using systematic approaches	Sometimes able to solve problems by using systematic approaches				Most of the time able to solve problems by using systematic approaches			Always able to solve problems by using systematic approaches		

Outcome 7: Write technical reports and present the findings.

F	D	D+	C-	C	C+	B-	B	B+	A-	A	A+
0.0	1.0	1.3	1.7	2.0	2.3	2.7	3.0	3.3	3.7	4.0	4.3
[0,39]	[40,45]	[46,51]	[52,56]	[57,61]	[62,66]	[67,72]	[73,79]	[80,85]	[86,89]	[90,94]	[95,100]
Beginner level	Elementary level		Intermediate level			Upper intermediate level			Advanced level		

Outcome 8: Learn team working skills.

F	D	D+	C-	C	C+	B-	B	B+	A-	A	A+
0.0	1.0	1.3	1.7	2.0	2.3	2.7	3.0	3.3	3.7	4.0	4.3
[0,39]	[40,45]	[46,51]	[52,56]	[57,61]	[62,66]	[67,72]	[73,79]	[80,85]	[86,89]	[90,94]	[95,100]
Poor understanding of team working skills	A little bit understanding of team working skills		Some understanding of team working skills			Good understanding of team working skills			Complete understanding of team working skills
